

# Gaggle's New Web Filter Free for Customers

Gaggle is introducing our new web filtering solution. Designed to ensure CIPA compliance, Gaggle's Web Filter blocks access to inappropriate websites and content, minimizing your workload and keeping your students safe.

## Student Safety in Three Parts

1

API monitoring of  
Google Workspaces and  
Office 365 accounts

+

2

Monitoring of student  
browser activity  
on the device

**GAGGLE SAFETY MANAGEMENT**

3

Web content  
blocking

**GAGGLE WEB FILTER**

Gaggle Safety Management includes #1 and #2. Add Gaggle's Web Filter for a modest one-time setup fee. For content blocking, Gaggle's Web Filter might be the right solution for your district.

## A Combined Solution

If you need a combined solution and your focus is student safety rather than complex content blocking, Gaggle is the best choice. No one does student safety better than Gaggle.
